Vol. 114 No. 103 | Cameron, Milam County, Texas, Thursday March 7, 1974 | 12 Pages Today

114 With F.M.L.

Long ago, I was asked what "my hangup" is. That's modern talk for describing what peculiarity, what special interest, what private fetish you have.

First glance, it would seem that uncertain drive to be a "winner", to get there "first", to excel.

Not unlike the Cameron Chamber speaker from Oklahoma, Lt. Gov. George Nigh. He is motivated to do things first and young: youngest state representative at 22 in contemporary Oklahoma politics, youngest lieutenant governor at 30 in his state and this nation, governor during an unexpired term, twice re-elected lieutenant-governor.

I know another Oklahoman who went through this type of career years ago with fearful determination; newspaper publisher at 19, self-read lawyer at the turn of his 20s, wealthy at 24, acting governor at 29, head of both Oklahoma legislative branches in his public career.

Men like this are not only capable, but somehow compelled to succeed. But soon enough, more than breaking the tape first counts. It becomes a desire for substance, perhaps in variety.

My performance is brief, but a variation from these.

And between 24 and 37 came a lot of inquiry. Maybe I was born 50 years old.

Are you really good or just accepting group endorsement to look good? Voila, the hangup.

Between 24 and 37, I read more. And I chose the books. And I was fortunate enough to see some history.

I found reason. I learned a microcosm is as good and easily as tough as the macrocosm. The elements are universal.

The object has to be a scrap of reason wrapped in love. Risk it all, bring in all the chips. But there must be a something more.

I found a reason to stay on the sky rocket.

Not unlike Governor Nigh, who wears the title of "Oklahoma's new Will Rogers."

An enormously gifted man, Will knew how to tell it. And George Nigh would also know.

Council Eyes Dog Problem

The perennial problem of dogs running loose and disturbing the peace of Cameron cropped up again at a council meeting Tuesday evening when a delegation of women appeared to protest conditions in the city.

Several problems were cited by the spokesman, Mrs. J. A. Bowling, who detailed problems with dogs running loose, causing offensive odors and flies, turning over garbage cans and scattering garbage over the streets and yards.

She also cited complaints about small boys with air rifles shooting robins and red birds, and the racing of motor bikes and motorcycles with drivers wearing no helmets.

Mayor Gene Blake told the women they had several complaints which should be channeled to the right people, including police department, sanitation department, health department and possibly the game warden.

It was noted that federal law prohibits the killing of robins and red birds, which are among protected species.

Councilmen discussed the dog problem, with Councilman Starrett Hickman recommending that strays be shot. The mayor said that would bring down the Humane Society, Councilman Lincoln Mondrik offered a plan whereby a house-to-house campaign would be carried on, with a vet vaccinating dogs, and strays being picked up and disposed of.

Council approved having Mondrik head up the proposed campaign, details to be given at the next council meeting.

In other business, council rejected bids of $121 and $26 on a used 1971 police car; accepted high bid of $151 for a used air compressor; and rejected bids on a sheet metal building to be dismantled and moved. Council will re-advertise the two rejected bids.

Ed Bigbee, city code inspector, explained to the council about designation of driveway entrances to be installed on North Houston Street where paving is planned. It was also decided that sidewalks would be a separate project.

Council approved transferring ownership of the city's old firetruck to the Belmena volunteer fire department, recently formed to fight rural fires in the Belmena - Maysfield area. The old truck is not used for fires here, but has been used to wet streets down.

Bigbee told the council that complaint forms are being drawn up for the use of people with complaints. He said city hall will be headquarters for all complaints, which will then be turned over to the proper authorities.

NEW EQUIPMENT purchased for St. Edward Hospital through memorials to the late Dr. C. G. Swift is this IPPB machine. Shown here with the new machine are, from left, Stanley Hill Swift, brother of Dr. Swift, Mrs. C. G. Swift, Sister Delores, and Sister Marie Jeanette.

DPS Director Urges Obeying Speed Limit

AUSTIN

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today he is disturbed by many complaints by Texas motorists about drivers refusing to obey the 55-mile-per-hour speed limit, and has directed DPS troopers to intensify their enforcement efforts.

"When the new law went into effect January 20 of this year," he said, "our surveys indicated a high degree of voluntary compliance on the part of Texas drivers.

"But since that time, we have noticed that motorists, or at least many of them, have been gradually 'inching' up their speeds on Texas highways. Consequently, our troopers have been increasing their volume of speeding citations, and will have to continue to intensify their efforts until a more reasonable degree of voluntary compliance is achieved."

Speir said he has received numerous reports by motorists who are complying with the new law who are frightened and angered by others who pass them a speeds dangerously above the legal limit, and still others who "tailgate" them when they can't pass for one reason or another.

"We commend those drivers who are cooperating in the state and national effort to reduce accidents, save lives, and at the same time conserve fuel by driving with the legal limits," Speir said.

"And we solicit the cooperation of those who would forget or ignore the dangers posed to themselves and others by dangerous and illegal speeds on the highways of our state.

"We would remind everyone that consistently through the years, excessive speed is involved in more fatal accidents than any other single factor."

Band Members Win Places At Contest

Yoe High School band members competed in the Interscholastic League band solo and ensemble contest held at Temple High School Saturday, winning one first and two thirds.

Ed Zotz won a first place and a silver medal for his Class 2 tuba solo.

A flute solo by Lynn Willy won a third place in the Class 2 contest. Her accompanist was Brenda Gilbert.

Another third was won by a clarinet trio which included Carolyn Burnett, Rebecca Fricke and Karen Richardson. This was also a Class 2 contest.

The three classes represent grades of difficulty, with Class 1 being most difficult, Class 2 of medium difficulty, and Class 3 the least difficult.

Donald Czaplinski is Yoe High band director.

County Trustees Up For Election

Names of three incumbent county school trustees have been placed on the ballot for the April 6 election.

Don Humble, Cameron attorney, will be running as trustee at large; Willie Glaser of Buckholts for Precinct 1 and J. D. Moore of Cameron for Precinct 2.

SCHOOLS SET OPEN HOUSE, SCIENCE FAIR

Parents, friends and school patrons are invited to open house Cameron schools Thursday (tonight). The Yoe High School science fair will also be held Thursday, with exhibits judged early Thursday.

Hours for open house at Ben Milam and Ada Henderson schools are from 6:30 until 8 p.m. and at Cameron Junior High from 7 until 8:30 p.m. At Yoe High, hours will be from 7 until 9 p.m.

Student's work in the elementary grades will be on display and teachers will be their rooms to visit with parents.

Open house at the schools is in observance of Public Schools Week, March 4-8.

Other schools in the Milam area will be open for visitors during the special week.

Police Investigate Robbery Attempt

City police are investigating an armed robbery attempt reported at Green's Grocery on West Main about 7:20 a.m. Saturday.

Mrs. Lily Green, owner of the store, told police that a youth wearing a shirt over his head and carrying a pistol entered the store.

Mrs. Green tackled the youth, knocking the gun out of his hand, and the youth ran away.

Revenue Sharing Funds Adding City Equipment

Although a national survey shows that less than half of revenue sharing funds distributed to states and local governments were actually spent during the first 18 months ending June 30, local records indicate that Cameron is spending allocations about as quickly as they come in.

City records show that of $87,845. received from the federal revenue sharing fund through June 30, 1973, $69,775.78 was spent on capitol improvements, equipment and street signs. Additional expenditures included in the revenue sharing budget went to services such as the Community Center, Child Care Center and Cameron Public Library.

Major expenditures were to replace city maintenance trucks, police patrol cars, fire truck, drainage pipe and curb and gutter forms.

More than $6,000 has been spent on street safety signs (stop and yield warnings) conforming to new color regulations and just under $5,000 has been spent for new fire hydrants.

Included in the budget is $150 a month for the Cameron Day Care Center, $200 a month for the Cameron Community Center and Housing Unit, $6,000 a year for the Cameron Public Library and $400 for a summer recreation director.

The Office of Revenue Sharing has tentatively budgeted $79,006 for fiscal year July 1973 through June 1974, however City Secretary J. P. Fuller said payments for the last quarter have not been received to date.

City Commissioners approved a tentative budget of these funds that will include park improvements, additional drainage and sewer lines and clean-up projects.

In the tentative budget $55,000 has been allocated for environmental projects, recreation projects and social services.

Of $363,996.00 in revenue funds received by the County, County Commissioners spent $144,698.06 and have set aside funds for a new county jail which is expected to cost in excess of $200,000.

Major expenditure of revenue sharing funds by the county has been for road machinery, $99,063.70.

Other expenditures were:

New jail (land purchase, removal of building, architect and engineer services) - $33,870.63;

Sidewalks and ditch drainage - $3,509.31;

New office equipment - $4,200.50;

Courthouse exterior cleaning and repair - architect and engineering service - $3,621.92;

Flood lights at courthouse - $432.00

The national survey reported that of funds spent, cities spent 44 per cent on public safety, 15 per cent on public transportation and 13 per cent on environmental protection and conservation.

Counties spent 25 per cent to improve public transportation, 23 per cent for public safety.

Memorial Gifts Buy Machine For St. Edward

Memorials given to the memory of the late Dr. C. G. Swift of Cameron have made possible the purchase of new equipment for St. Edward Hospital.

The equipment is an IPPB machine, or an Intermittent Positive Pressure Breathing machine, according to Sister Marie Jeanette, president of St. Edwards.

Sister Jeanette said the late Dr. Swift was particularly interested in the hospital's respiratory therapy department, which influenced decision in purchasing the equipment.

Sister Delores, director of the hospital's respiratory therapty department, said purpose of the IPPB machine is to administer aerosolized medication by means of positive pressure to reduce congestion and to assist respiration by means of positive pressure.

The machine is especially helpful in pneumonia and emphysema cases, Sister Delores said.

Broiler Show Contestants To Receive Chicks

Sponsors will meet contestants at the Milam courthouse Friday, March 9 and present 50 baby chicks to be raised for the annual Milam County Junior Broiler Show.

Contestants are 4-H and FFA members who will raise the chicks for the Saturday, May 4 show, when they choose the five best broilers for the show.

The annual show is sponsored by the Cameron Chamber of Commerce.

Chickens will be judged by a recognized judge on standard points for broiler shows. Prizes and ribbons will be awarded in each class.

Each contestant will present his five show chickens to his sponsor and the remainder of the flock will belong to the contestant.

An awards banquet will be held on Saturday evening, May 4, the day of the show. Each sponsor will meet his contestant at the banquet for the presentation of awards.

Members of the Chamber of Commerce broiler committee are: Douglas Buck, chairman, John Snell, Billy McCutchen, Rodney Kruse, Monroe Fuchs, Leo Fuchs, Max McClaren, Bo Titsworth, and Bill Hornung.

Trubee Files For Mayor's Post

A last-minute filing by a Cameron businessman added another name to the mayor's race which had listed incumbent Mayor Gene Blake as a candidate.

Dean Trubee filed for the position for the April 2 election.

A drawing was held for places on the ballot at the city council meeting Tuesday. Ernest Moore drew first place for councilman and Gene Lumpkin, second. For Mayor, Gene Blake will be listed first and Dean Trubee second.

NEW EQUIPMENT - This front end loader with sheeps foot roller is one of the new pieces of equipment purchased by the city with revenue sharing funds. Other equipment is on the city work force, and more has been ordered, including a new garbage truck and street sweeper.

The One Who's Hired...

A question of openmindedness is one facing the board of Cameron Independent School District.

Two ways: How does a "dry", more conservative faction understand motivation of a "wet", more liberal group? And the vice versa?

It would seem simple. Public schools are not in the business of teaching religious idealogies for churches or social mores for night clubs, taverns or summer ethnic picnics.

A new superintendent in CISD needs broad support to bring along an antiquated physical plant, slowly being modified to the 1970s.

A new superintendent needs broad support based upon qualifications, judgment , character and in our opinion, youth. An older man, unless he has established a record of being a builder, will not venture into a major bond program awaiting this system.

Schools teach minds, not how to give haircuts. Schools teach character, the kind that knows how to discern "right and wrong" in terms of the environment a graduate chooses or must function within, wherever he goes.

Schools teach kids how to grow up, not how to stay the same as their parents, their immediate environment. Schools teach that it takes all kinds in this world and that one kind or one view would be stagnation.

Or they should.

Schools are administered by men with insight and judgment and intelligence.

Or the schools, a volunteer school board or a "here-today, there-today," quasi-political group will administer them.

And none of these is hired to do the job.

Rustic, Classic Modern...

A touch of the rustic is going into the Cameron Mall.

This means a cedar -type utility booth and a telephone booth which will add to the open motif of the mall-fountain walkway.

Plantings of crepe myrtle and jasmine vine and 24 live oaks will give the place the proper touch of living beauty.

That's the point of all these years of improving and growth, beyond the obvious eccnomic advantages.

Cameron is alive and well, thank you. Maybe just a bit rustic, classic modern.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

GRAND JURORS HIT IN POCKETBOOK

Senator Gaylord Nelson, (Wis.) ". . . Recent reports . . . have exposed yet another miscarriage of justice related to the Watergate scandals: The very meager remuneration of $20 per day paid to those individuals sitting on the Watergate grand juries and making critical decisions in the resolution of the controversies in the Watergate affairs . . .

"Government employees who sit as grand jurors receive the full salary or wages they would have normally earned for those days on the grand jury. Most other individuals—especially those paid on an hourly or daily basis by private employers — do not enjoy the same good fortune.

"For these people, the $20 daily payment is their only income when they serve as grand jurors. A short term as a grand juror may not work a hardship on most of these people. But when — as in the case of one of the Watergate grand jurors — the term as grand juror lasts for 19 months, the financial sacrifices endured by these people is considerable.

"Indeed, within the last 2 weeks the foreman of one of the Watergate grand juries quit, because his insurance business "was going down the drain" and his $20 per day compensation could not make up the loss. Two other grand jurors have quit their regular jobs, because it was impossible to fulfill their public responsibilities and also earn a living . . .

"It is time to correct this situation — not only for the Watergate grand juries, but also for other Federal grand juries who fulfill one of the critical functions in our judicial system. Accordingly I intend to propose corrective legislation in the very near future. . . ."

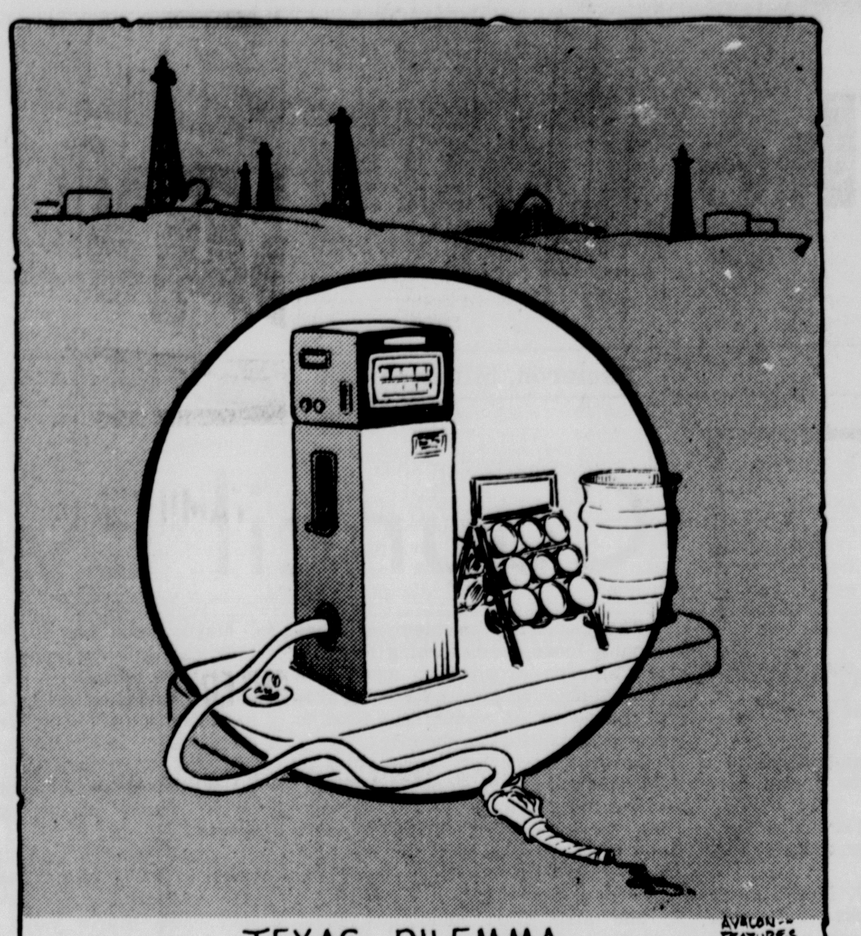
* * *

CRUMP'S GRASS ROOTS COMMENT

In the Watergate courtrooms, a Federal judge gets $40,000 a year; prosecutors average $20,000 a year; top defense counsels get $100 an hour. The only two classes of people hurt financially in the Watergate affair are the targets of the prosecution—some of whom will soon be called defendents—**and the jurors.**

A pay raise of $5 per day has been suggested —hardly a bonanza.

The Lonely Heart



TEXAS DILEMMA

Dateline Austin

Timetable For Convention Slowed By Floor Debate

Many delegates to the Constitutional Convention think it is now virtually impossible to wind up their revision job by April 7.

President Price Daniel Jr.'s 90-day timetable for the historic task went out the window when debate on the education article dragged over 11 half-day sessions.

Even Daniel conceded as the education article debate droned toward a close that the convention is off schedule. He said he still feels, however, that there is a chance to make up for lost time by speedy action on relatively non-controversial (if any) sections.

More pessimistic delegates are stating now that the whole convention assignment is in jeopardy due to strong feeling on many issues.

At root of the problem, many now acknowledge, is the basic difficulty of getting elected officials to agree on monumental decisions during an election year.

Pressure is mounting for recess until after the May and June primary elections.

Daniel hopes to keep the delegates plugging away at decision making until early April. If it is then obvious that the job is a long way from complete, he probably will go along with motions to take off until after the elections, although he isn't ready to commit himself to that.

Some delegates would like to move up the recess date to March — and head for home as soon as all convention committees have handed in their reports.

NIXON POLL NOTED — An informal poll on the question of impeachment of President Richard Nixon at the January Texas Press Association convention drew the attention of the White House.

According to Margaret Mayer, Dallas Times Herald Washington correspondent: "A call from the White House communications office recently directed the attention of the Times Herald Washington Bureau to a story that, in the opinion of the White House, merited more attention than it had received.

"Publishers of Texas daily and weekly newspapers attending a January meeting of TPA in Austin were asked how they would vote on impeachment of President Nixon if they were members of the House," Mayer added.

"Eighty-nine would have voted against impeachment; one, for," Mayer's story pointed out.

GASOLINE ALLOCATED — The Rio Grande Valley and the Midland-Odessa area, which reported severe gasoline shortages, have received additional supplies through the State Emergency Fuel Allocation Office.

SEFAC ordered 200,000 more gallons sent to the Valley and 869,000 gallons to Midland-Odessa.

The total emergency allocation routed to the Valley now comes to about 925,000 gallons.

Shipments are made from the state's set-aside for emergencies and hardships. SEFAC operates in conjunction with the Federal Energy Office to administer the federal fuel allocation program.

The state's set-aside amounts to three per cent of all fuel marketable in Texas on a month-to-month basis. SEFAC determines where it is to be delivered based on need.

Other emergency allocations include 120,000 gallons to Laredo, 195,000 to Corpus Christi, 8,000 gallons to San Antonio, 90,000 to Longview and 60,000 to Dallas.

INSURANCE COMPANY SUPERVISED" — The state's second largest insurance company has been placed under supervision by the state insurance commissioner pending an April 29 hearing.

Commissioner Don Odum said it appeared Republic National Life Insurance Company of Dallas had exceeded its powers and "failed to comply with the law in regard to the acquisition of certain investments."

Republic National has been in business since 1928 and has more than $10 billion in policies in force. Odum said there is no change in the company's obligation to pay claims.

AG OPINIONS — Meetings of governing boards of special districts (including hospital districts) and their committees must comply with the open meetings law, John Hill held.

In other recent opinions, Hill concluded:

Constitutional Convention delegates under common law have legislative immunities from arrest and freedom from being held accountable for remarks during debate.

Filing a complete list of a lobbying group's membership does not satisfy the legal requirement that a lobby registrant identify all those contributing $500 or more to his work.

A written recommendation by a regional supervisor of the Texas Air Control Board to a permit engineer regarding a construction permit is a public record.

Veterans returning to positions with school districts have re-employment rights.

Venue in Texas Water Safety Act prosecutions rests exclusively in appropriate justice or county courts and in some cases municipal courts have concurrent subject matter jurisdiction.

Files of a licensing agency containing routine information concerning status of a licensee, including whether or not his license is current, are disclosable under the open records act.

COURTS SPEAK — A 1973 act permitting cities to issue revenue bonds to promote new industries has been, in effect, held unconstitutional by the Texas Supreme Court in a McAllen case.

• High Court held Tyler's Peoples National Bank and its officers not at fault in jailing of a man who guarded his property from foreclosure sale with a shotgun.

• Representation of a Dallas detective that a confession by a murder trial defendant might benefit the man on trial resulted in reversal by the Court of Criminal Appeals of a death penalty.

• A Jefferson County boy with low intelligence won a new trial on robbery charges after appeal to the Court of Criminal Appeals.

APPOINTMENTS — Ken Clapp, formerly of Killeen and Uvalde, resigned his job as special assistant to the governor to serve as Governor Dolph Briscoe's campaign manager.

Mike Willatt of Houston will head Attorney General Hill's environmental protection division, succeeding Robert Davis.

Agriculture Commissioner John C. White will serve as chairman of the Democratic party's Affirmative Action Committee to stimulate voter participation.

OLD PHILOSOPHER

Dear editor:

I've got this neighbor out here who came busting in my house the other day and said, "Talk about shortages. I tell you, when they start kidnapping newspaper editors there's bound to be a shortage of kidnap victims."

"Now wait a minute," I said. "What editors are you talking about?"

"And talk about inflation," he went on. "Seven hundred thousand dollars for one editor?"

"What's wrong with that?" I asked, "I mean, how much do you think the average editor is worth? No, skip it. Let's not go into that."

In fact, I'd better change the subject in a hurry. Lately I've been bringing some old sayings up to date, like "Early to bed and early to rise, in these daylight saving times makes a man go to sleep with the sun in his eyes."

Or, a penny saved won't even meet yesterday's rise in the price of a gallon of gas.

Some of them don't need changing, like Honesty if the best policy. Can't you just hear all the people being indicted in the Watergate mess saying, "Doggone, why didn't we think of that?"

And there are still great morals to be drawn from some of the older sayings. Take the one about the lack of a horseshoe nail. You know: For want of a nail the shoe was lost. For want of a shoe the General's horse went lame. For want of a horse the battle was lost.

The moral to this is simple: End war. Stop making horseshoe nails.

Yours faithfully,
J. A.

The Family Lawyer

Telltale Gamma Rays

Police scientists, working on an assault case, checked the gamma rays emanating from a bit of dirt taken from the victim's sweater. Then they checked the gamma rays from dirt on the suspect's trousers.

The rays matched—and the evidence later helped to send the man to prison.

The case illustrates a potent new weapon ("neutron activation analysis") in the fight against crime. Gamma rays, under proper conditions, can reveal whether any two objects—no matter how small —came from the same source. The gamma rays are brought into action by "charging" the objects with radioactivity.

Already, the method has been used to track down the source of everything from paint to pipe fittings, from oats to heroin, from hair to moonshine.

Nevertheless, like any new technique, it must be used with appropriate caution in order to qualify the findings as legal evidence.

Thus, in a murder case, comparisons of blood made with gamma rays were held not admissible because technical difficulties made these particular tests less than convincing. The court warned against "the misleading aura of certainty which often envelopes a new scientific process."

In one unusual case a taxpayer, claiming a refund from the government, staked everything on a scribbled notation in the margin of his checkbook. The government retorted that he might easily have inserted the notation years after the date of the original entries.

To settle the matter, scientists compared gamma rays from the ink in the notation with gamma rays from the ink in the regular entries. The similarity of the rays convinced the government that the taxpayer was indeed telling the truth.

Result: he collected his refund in full.

Letters

Dear Mr. Luecke

The members of the Cameron Evening Lions Club would like to take this opportunity to thank you for the news coverage given on our 4th Annual Pancake Supper.

We would also like to express our gratitude to the citizens of Cameron who attended the supper and to the local businesses who helped support this project. Without this support the supper would not have been a success.

Sincerely yours,

The Cameron Evening Lions

CONGRATULATIONS go to Mike Allison of Buckholts for winning a $225 check at the Houston Livestock Show and Rodeo calf scramble. Shown left to right are O. T. Johnson, Ag teacher; Mike; and Guy Fausset, representing Shell Oil Company of Houston, sponsor. The money will be used to purchase a calf.

Texas Cattle Feeders Stop Buying Calves

AMARILLO Many Texas cattle feeders stopped buying feeder calves in February and some say they won't buy more until prices reach "workable" levels, according to the president of the Texas Cattle Feeders Association.

In assessing the current losses suffered by feeders and their outlook for the remainder of the year, Glenn Deen, TCFA president and a feedyard manager at Dumas, said most cattle now being marketed are losing $75 to $100 per head.

He called on his members this week to consider these facts:

Fact No. 1: Some economosts predict that the price for fat cattle in 1974 will average $44.50, same as last year, which happens to be the approximate price this week. "We certainly can't expect fat cattle to average more than $44.50 this year," says Deen, "and some feeders expect less."

Fact No. 2: Grain sorghum prices, now $5.50 per cwt., have been climbing and may reach $5.95 before summer. "There is little chance of grain coming down in the next six months," says Dean, "which means that cost of gain in the feedlot will be about 55¢ per pound, including interest and death loss."

Fact No. 3: Simple arithmetic shows that to break even on a 600-lb. feeder calf, if it is to be taken to 1050 or 1100 lb.s for slaughter, it would have to be bought for $35 to $37 per cwt. "The cost of 600 lb. Choice feeder calves this week actually is $40 to $42 says Deen, "or $5 per cwt. higher than breakeven."

"It's time for all cattle feeders to get realistic about the prices we're paying for feeder calves," warns Deen. "In the last two years, many of us have bet on the come by buying calves when they wouldn't pencil out. In many cases, we were bailed out by inflation and the consumer's willingness to pay more for beef. But this isn't likely to happen in 1974. We bumped the ceiling last month on retail beef prices, considering present economic conditions, and saw consumers back off."

Deen said he was not suggesting that any cattleman was making too much profit on feeder calves today; but that he was anxious for cattle feeders to get back into a profit position.

Order Baling Wire Early

"If you plan to use baling wire in your hay-making operation this spring and summer, put your order in now" urges an economist for the Texas Agricultural Extension Service.

Baling wire will again be in short supply this year, believes Dr. Arthur Gerlow. And unless farmers, ranchers and custom operators order early, they may experience a shortage similar to or possibly even worse than last year.

"The task of keeping inventories on such steel supplies as baling wire has now shifted from the manufacturer to the distributor or retailer," points out the Texas A&M University System specialist. "This enables the manufacturer to ship to distributors directly off the production line. But the distributor must have his order in at the time of production. Otherwise he may be caught short."

Why did the baling wire shortage hit last year?

According to Gerlow, a combination of things were responsible. First of all, hay production was high last year in most sections of the U. S. Texas experienced one of the best hay crops in many years. So, the demand was high for baling wire and available supplies were just too low.

Furthermore, a shortage of steel, especially the lower quality steel rods used in producing baling wire, kept production down. The steel rods are mainly imported from Japan and Europe, points out the economist, and the industrial boom within those countries has kept the lide on their steel exports.

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Now Is The Time... Cattle On Feed Resumes Upward Trend... Auction Sales Report Increases... Broiler, Egg-Type Chicks On The Rise.

The experimental predator control program for 44 Texas counties is now in operation. County agents are responsible for setting up training schools in approved counties.

To be elibible to participate in the program, your county must be approved; then you must attend a training school relating to use of the M-44 sodium cyanide spring ejection device.

Counties in Texas eligible for the program are Cottle, King, Dickens, Borden, Scurry, Mitchell, Taylor, Callahan, Midland, Glasscock, Sterling, Coleman, Crane, Upton, Jeff Davis, Pecos, Presidio, Kinney, Uvalde, Medina, Bexar, McCulloch, San Saba, Mills, Stephens, Erath, Brown, Comanche, Hamilton, Bosque, Coryell, Lampasas, Bell, McLennan, Burnet, Williamson, Hood, Milam, Jim Wells, Nueces, Kleberg, Kenedy, Brooks, and Willacy.

The Texas Department of Agriculture is responsible for the program on a state level. Other agencies cooperating include the Texas Agriculture Experiment Station, and The Texas Rodent and Predator Control Service as well as the Extension Service. The project is in cooperation with the Environmental Protection Agency.

Producers who participate in the experiment must keep records of all results with the M-44. Violation of the regulations can result in loss of eligibility for a county. The program will continue through June, 1975.

Further details may be obtained from the Texas Department of Agriculture or your county agent.

CATTLE feeding in Texas has shown a resumption of increasing numbers, the Texas Crop and Livestock Reporting Service notes. In Texas, there were 2,340,000 cattle and calves on feed for slaughter markets as of February 1. This is six per cent above a year ago and six per cent above the number on feed a month ago.

Placements into Texas feedlots during January totaled 467,000 head which is a gain of 44 per cent above January of 1973 and 69 per cent more than the previous month.

However, marketings of fat cattle during January totaled 332,000 head, which is six per cent below a year ago.

Nationwide, the number of cattle on feed in the seven major cattle feeding states-- Texas, Arizona, California, Colorado, Iowa, Nebraska and Kansas--totaled 9,632,000 head. This is a three per cent increase from a month ago but four per cent less than those on feed a year ago at this time.

SALES for all kinds of livestock at Texas auctions compared to a year ago and a month ago are higher. Cattle and calves marketed through auctions during January were 54 per cent above a year ago and 17 per cent above a month ago.

Sheep sales were 37 per cent above a year ago and 90 per cent above a month ago. Goats sold during January were 25 per cent above both last year and last month.

Hogs sold during January were seven per cent above a year ago and 31 per cent above last month.

Pork Supplies To Remain Tight

Pork supplies should remain tight through 1974, and producers can expect prices to hold generally steady, forecasts a livestock marketing specialist for the Texas Agricultural Extension Service.

"Smaller red meat and poultry supplies coupled with increased demand sent pork prices to new heights during 1973," points out Ernest Davis. "Barrows and gilts at seven markets averaged $40.61 per hundredweight last year, up 52 per cent from 1972 average.

"Increasing exports to Japan may also keep the pressure on pork supplies."

Hog numbers increased slightly from 1972 to 1973, and inventories during the first half of 1974 should be similar to those during the first six months of last year.

With current high prices, why aren't producers expanding their operations?

"Taking into account the high price of sorghum for feed, producers need to receive about $44 per hundredweight for gilts and barrows. Since this is above current prices, many pork-grain producers are holding down their swine herds and marketing their sorghum directly," points out Davis.

The specialist foresees barrow and gilt prices at $41 to $43 per hundred-weight during the January-March quarter and a bit higher during the April-June period due to continued short supplies and high been prices.

However, Davis expects prices to soften some during the July - September quarter to go along with the expected decline in slaughter cattle prices. If fed cattle marketings take a big jump during the last few months of 1974, as some predictions indicate, hog prices could take a sharp plunge to the $33-36 level.

To Err Is Human.
To Conserve Is Smart.

One smart way to conserve is to be more *efficient* with the use of energy in your home.

That means using natural gas for those jobs it does best—like cooking, water heating, clothes drying and heating your home. It's the most efficient use of energy for your fuel dollar.

The more efficient you are, the more you conserve and the more you can save. And that's real smart.

For more information about home energy conservation, contact:

Clean, efficient energy for years to come

Income Averaging Can Save Taxes

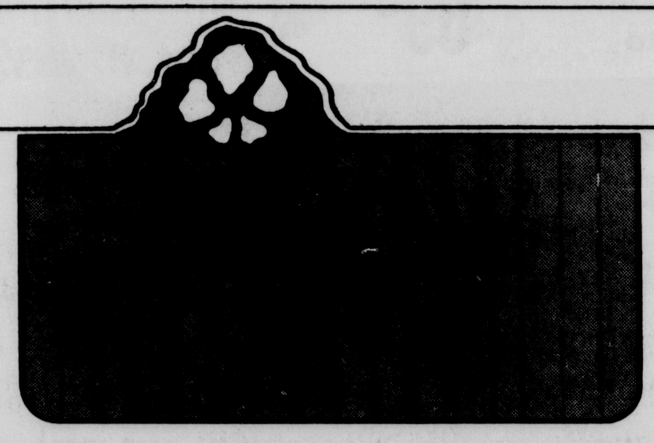
A higher farm and ranch income in 1973 does not necessarily mean a higher income tax bracket, says Dr. Wayne Hayenga, economist for the Texas Agricultural Extension Service.

"A technique called 'income averaging' can reduce taxes in situations where taxable income changes measurably from year to year", continues the Texas A&M University System specialist. "For the technique to apply, your taxable income must be at least $3,000 more than your yearly average income for the four immediately preceding tax years."

In addition to ordinary income, capital gains on the sale of livestock and other assets may also be included in income averaging.

In filing for income averaging, Schedule G must be completed and turned in along with Form 1040, advises Hayenga. It is not necessary to file amended returns for the four preceding years, but the tax returns from these years must be available to record the taxable income reported.

The economist suggests a simple check to determine if income averaging will save tax dollars. First, compute, the "average taxable income" for the prior four years. Then, multiply that figure by 120 per cent to get the "average base period income."



ANOTHER GREAT VARIETY FROM
ROGERS DELINTED COTTONSEED

Texas cotton growers from the Valley to the high plains are reporting favorably their results of planting the new QUAPAW Cotton from Rogers Delinted. Such comments as, "...the cotton strips and gins good and I am increasing my planting next year." QUAPAW cotton has a medium size storm resistant boll and good seedling vigor with medium size seed. QUAPAW responds well to single row, skip row or narrow row spacing. It harvests well with strippers or spindle pickers. QUAPAW gins good and cleans up good with extra high quality fiber.

QUAPAW cotton

"Unauthorized Propogation Prohibited U. S. Variety Protection Applied for-to be sold by variety name only as a class of certified seed."

Happening about Town

DKG Program Series Note New Viewpoints

Miss Clara Ed Schiller of Lott led the program for the meeting of Beta Nu Chapter of Delta Kappa Gamma, Saturday, March 2, at Houston's Restaurent in Marlin. The program was No. 3 in the year's series "New Viewpoints." The other speakers were Mrs. Winnie Barron of Franklin, and Mrs. Mary Stubbs of Rosebud.

Mrs. Geneva Hughes preher small students of St. John's Day School, Marlin, in a musical program. They sang "Alleluia," "The Blind Man," "O Susanna," and "This Land is Your Land." Mrs. Lowery accompanied them on the guitar.

Miss Schiller chose as her subject "Multi-Vocations," emphasizing the need for continuing education in the adult lives of teachers. Through it, they can realize latent abilities. She cited Albert Schweitzer as the example of one with many vocations, for he was teacher, author, doctor, and musician, famous in all the fields.

Mrs. Stubbs discussed avocations, citing people who had vocations but were known mainly for their avocations -- such as Churchill, Eisenhauer, Longfellow, Markham, and Donne.

Mrs. Barron used "Volunteer Service" as her subject to point women teachers to useful after-school service to the elderly, to patients in hospitals and rest homes, and to schools for the retarded.

The following officers were elected for the next two years: Mrs. Frances Hensley of Cameron, president; Mrs. Patsy Nance of Cameron, first vice-president; Mrs. Margaret Gray of Marlin, second vice-president; Mrs. Martha Royal of Rosebud, recording secretary; and Mrs. Elizabeth Holloway of Rockdale, corresponding secretary.

Lehmanns To Observe Anniversary

Mr. and Mrs. R. P. Lehmann of Buckholts will celebrate their 60th (Diamond) anniversary of their marriage Sunday, March 10 with a family dinner at The Texan Sunday at 1 p.m.

The couple has four children, Mrs. Aleta Joseph of Austin, Robert L. Lehmann Jr. of Los Angeles, Calif., Edwin Lehmann of Buckholts and Mrs. J. M. Lester of Cameron.

The Lehmanns also have six grandchildren and five great grandchildren.

The Lesters of Cameron will host an afternoon coffee for the group.

School Lunch Menus

CAMERON MENU

Monday, March 11
- Baked beans with franks
- Spinach
- Buttered rice
- Cupcake, roll, milk

Tuesday
- Frito pie
- Pinto beans

Game Party To Benefit MARC

Women from the Milam County area will be playing games at the Rockdale VFW Hall on Wednesday March 13 so the children at the Milam Association for Retarded Children (MARC) Opportunity Center can play on some much-needed playground equipment.

A ticket for $1.50 entitles the participant to attend the afternoon of games with friends, have a choice of many delicious home-baked pies provided by MARC volunteers and others, and a chance to win one of several door prizes donated by Rockdale merchants.

Mrs. Joy Reagan, general chairman for the event, explained the party this way

"Groups who enjoy playing bridge, canasta or other types of card games, dominoes or any other games, will plan to come to the game party as a group. One of the group will then call our reservations chairmen, Mrs. Helen Nystrom, 512-446-2735, or Mrs. Montez Jones, 512-446-5430."

Reservations are necessary. Tickets may either be purchased at the door or in advance at the MARC Center on Grace Street, Mrs. Reagan said.

The party will start at 12:30 p.m. and play will continue until 4:30 p.m. Door prizes will be awarded early in the afternoon for the advantage of those who would have to leave before 4:30.

"We hope this will be an enjoyable afternoon for everyone and the boys and girls at the MARC Center will certainly enjoy the playground equipment we hope to purchase with the money we make," Mrs. Reagan said.

Some MARC volunteers will be available to substitute for groups who need extra players. Participants are asked to bring cards or dominoes or other items needed for playing.

Yoe High Honor Roll

Students at Yoe High listed on the fourth six weeks honor roll include:

Seniors - Cindy Clark, Daneil Richardson, Curtis Henley, Zim Morris, Linda Berryhill, Denise Price, Duane Tomek.

Juniors - Bruce Zaroský, Ladis Slavik, Cecilia Posival, Beatrice Tomek.

Sophomores - Eva Mikulec, Rachel Reynolds, Mary Hanel, Sarah White, Jan Burke, Shirley Junek, Anne Shelander, and Barak Waldron.

Freshmen - Janet Angell, Jill Folschinsky, Karla Stanislaw, Eloise Henderson, Richard Raymond, Judy Tomek.

CATS RETIRE

Cats once ruled the world, according to a Chinese legend. But one day a council of the oldest and wisest cats concluded the world wasn't worth their effort. The fable relates that they turned the task over to the next highest form of animal life, man, and cats have been retired ever since.

Ceremony Unites Walker - Laws

Miss Cheryl Elaine Laws, daughter of Mr. and Mrs. Preston Laws of Creedmoor, became the bride of James David Walker, son of Mr. and Mrs. J. L. Walker of Milano, Saturday evening in St. Paul's Methodist Church on Creedmoor Road. The reception followed at the home of the bride's parents on Laws Road.

The bride is a graduate of Del Valle High School and Southwest Texas State University in San Marcos. She received a Bachelor of Science in Home Economics in December and is employed as assistant county extension agent for Fayette County. The groom graduated from Milano High School and attended the University of Texas in Austin. He is presently serving as a medic in the U. S. Army and is stationed at Ft. Hood, Texas. The couple will make their home in La Grange , Texas.

The bride wore a gown of candlelight peau de soie with an empire waist, high rolled collar and long semi-belled sleeves. The waist was trimmed with wide lace at the empire line and lace and illusion ruffles at the edge of sleeves. Her A-line skirt extended into a cathedral length train from a large inverted pleat in back. The bride and her mother designed and made her gown. Her Juliet cap was covered with antique and white lace accented with pearls. Attached to the cape was a fingertip veil of candlelight silk illusion. She wore an antique gold pin that had belonged to her great-grandmother, carried an antique handkerchief that had belonged to her maternal grandmother and a handkerchief given to her by the groom's mother.

She carried a cascade of five purple orchids accented with baby's breath, purple and candlelight ribbons, net, and pearls. The orchids were a wedding gift to the bride from Mr. and Mrs. B. B. Sherrill of Lexington.

Mrs. Roderick W. Holcombe of Cameron, sister of the bride, was matron of honor. Bridesmaids included Mrs. Charles Laws of Creedmoor, sister-in-law of the bride and Miss Teena Starr of San Antonio.

Her attendants wore gathered skirts of flocked figured organdy and white eyelet blouses with high roll collars and long full gathered sleeves. The matron of honor's skirt was in blue and the two bridesmaids were in yellow, Their accessories included matching crocheted beads. They carried nosegays of yellow and blue silk roses with baby's breath and voltive candles.

The mother of the bride wore a blue Thailand silk dress with blue accessories and white orchid.

The mother of the groom wore a pink crepe dress with pink and white accessories with a white orchid.

Stephen Walker of Milano, brother of the groom, was the best man. Groomsmen were Joe Hairston and Emmett Wayne Drehr, both of Milano. Candlelighter was Keith Laws of Creedmoor, nephew of the bride. Serving as ushers were Charles Laws of Creedmoor, brother of the bride, Roderick W. Holcombe of Cameron, brother-in-law of the bride, Michale Hale of Brownsville, cousin of the groom and Phil Moore of Houston, Texas.

Mrs. T. D. Corley of Cameron was the soloist. Mr. Gordon Nadeau of Del Valle was the pianist.

Those in the house party included Mrs. Charles Riola of Cameron, Mrs. B. B. Sherrill of Lexington, Mrs. Valerie Baker, Mrs. Eva Lovett, Mrs. Carolyn Long all of Austin, Mrs. Bertha Graef and Mrs. James B. Hones of Creedmoor, Mrs. Isabell Ammons of Del Valle, Mrs. John Shands, cousin of the groom from Brownsville and Mrs. Harrell Bange Rice of San Angelo, cousin of the groom. Handing out rice bags were Clair Corley of Cameron and Rosemary Riola of Cameron.

MRS. JAMES DAVID WALKER

Waco Art Center Lists March Activities

The Waco Creative Art Center, 414 Franklin, has planned a full calendar of activities for March.

The last three sessions of the Film Study workshop will be held on March 4, 11, and 18 from 7 to 9 p. m. Monday's session will explore the Creative Use of Actuality and will be moderated by Virginia DuPuy. Later sessions cover "The Varieties of Film Experience" and "Narrative and Film". Cost for the course is $1.50 per evening. To enroll, call the Art Center, 752-4371.

On Tuesday a new exhibit "Crayon Drawings by Danish Children" will open in the Center's studio areas. It will be displayed through March 30.

"Recent Art as it Relates to Drawing" will be the topic of a lecture by John Chatmas on Thursday, March 7, at 8 p.m. It is being given in connection with the Art Center's current exhibit "Drawings by Living American Artists," which will be displayed in the gallery through March 15.

Saturday, March 9, from 3 to 5 p.m. Ruth Belew of the Baylor Drama Department will conduct a workshop on movement. The workshop is open to all ages and will feature various art activities and movement techniques. Cost is $1.50 per person, or $2.50 for two members in one family.

Sculptor Gene DeVeny will teach a sculpture workshop three consecutive Thursday, evenings, March 14, 21, and 28. Cost for this workshop is $10.

On March 16 and 30 a "Raku Community Workshop" will be held at Vanguard School. This course will give Wacoans an opportunity to learn about the ancient process of Japanese building and firing of Raku ware. Reservations may be made through the Art Center. Cost if $7.50 per person.

"Shout in Silence," an exhibit of intense art works by deaf adults and children, will open at the Center on March 16. This collection is sponsored by the Smithsonian Institution. It will be displayed through April 14.

Art Center hours are 9:30 to 5:00 Tuesday through Friday, and 9:00 to 3:00 Saturdays.

The "Living Heritage" exhibit series is presented with the cooperation of the Texas Commission on the Arts and Humanities and the National Endowment for the Arts, a federal agency.

The Waco Creative Art Center is sponsored by the Junior League of Waco and funded by Model Cities and the Junior League.

Personal Mention

Mrs. Peg Marquart and children of LaMarque were weekend guests of Mr. and Mrs. Ed Magre.

Mrs. J. L. Harding of China Spring and Mrs. A. E. Jones of Waco were guests in the home of Mrs. W. E. Kuehl Thursday.

Mrs. Conrad Jekel Jr. was a guest in the home of her son and daughter-in-law Dwight and Marily Jekel in San Antonio last week.

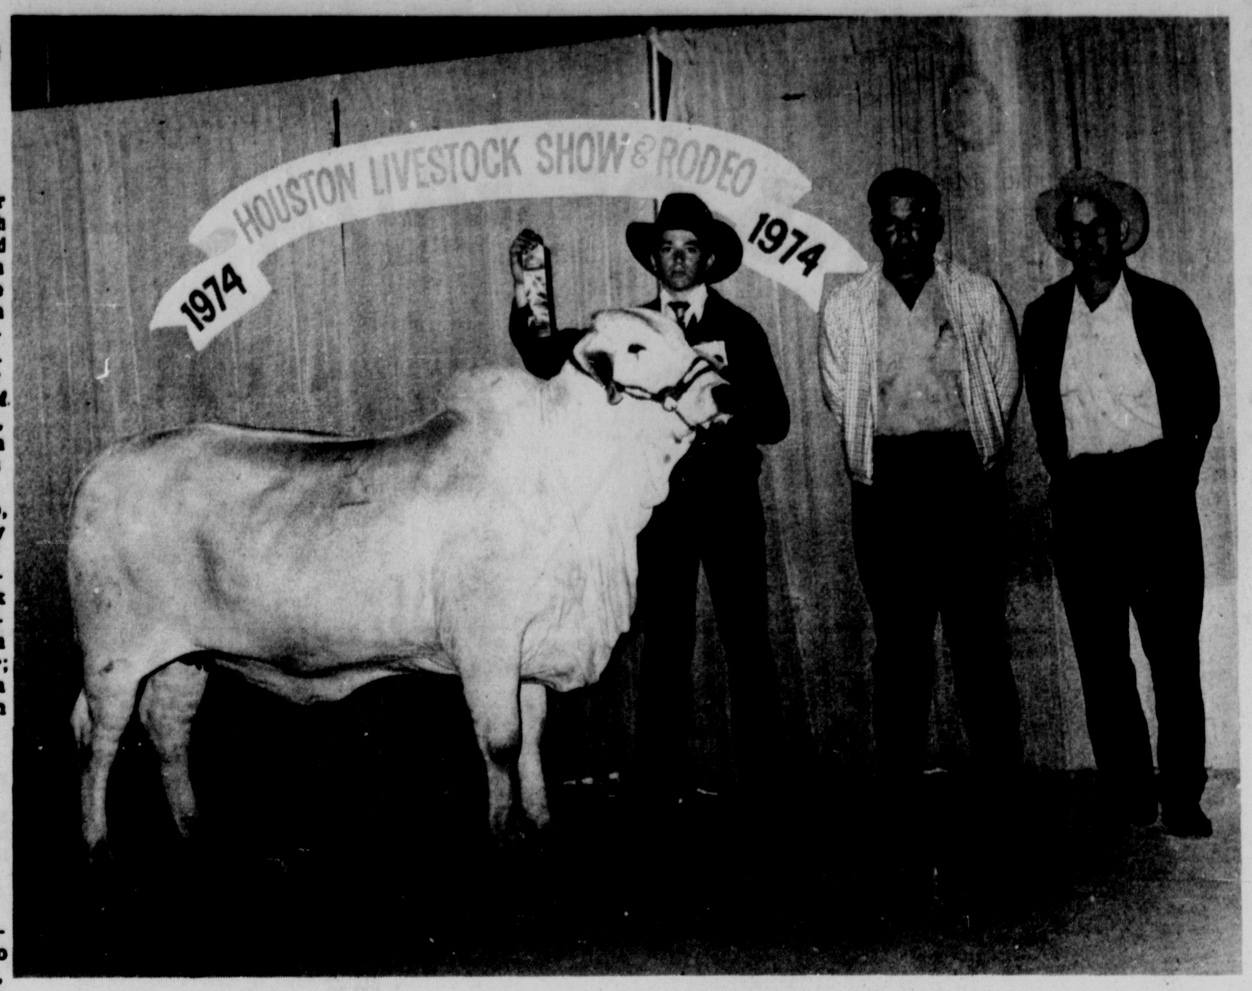
Area Rodeo News And Events . . .

Milano Youth Shows 2 Winners

Ronald Westbrook, 16 year old junior at Milano High School, entered and exhibited his two Brahman heifers in the Junior Division of the Houston Livestock Show with both heifers taking first place honors in their class.

Both heifers were bred by Arnold Kornegay, owner of the 7K Bar Ranch in Gause, and were fed a special ration of Moorman Feed which was planned and mixed by Joe C. Willingham of Milano, Johnny Morton and Jimmy Garza of Rockdale.

Other exhibitors from Milano were Gary Westbrook who placed sixth in the Angus class; Joey Willingham exhibited his Angus heifer; and Wade Wadlington won a red ribbon with his Brown Swiss heifer.



FIRST PLACE WINNER - Ronald Westbrook of Milano shows Miss 7K Bar 160, first place winner of Class 7 Junior Brahman Division, Houston Livestock Show. With Ronald are R. B. Westbrook and Shelb Smith, Milano FFA advisor. Ronald also showed Miss 7K Bar 200, first place winner of Class 10 Junior Brahman Division of the show.

TJC Rodeo March 7

TEMPLE

The seventh annual Temple Junior College rodeo is scheduled for March 7, 8, and 9 in the Bell County Agricultural and Arts, Center at 314 North 23rd St. in Temple.

All performances begin at 8 p.m.

Included in the show are three women's events: break-away roping, cloverleaf barrel racing, and goat tying. Men's events include: bareback bronc riding, calf roping, saddle bronc riding, steer dogging, and bull riding.

Special attractions for this year's show are a steer saddling contest, calf scramble, and rodeo queen contest. Children ages 6-12 may enter the calf scramble.

The championship event is held in conjunction with the National Intercollegiate Rodeo Association (NIRA).

Prize money for the regular men's and women's events will be divided up according to entry fees received with 40 per cent going to first place winner, 30 to second place, 20 to third place, and 10 to fourth place winners.

Clowning for the show will be Steve Glover of Temple and Ted Jaynes of Waco.

Advance tickets are $1 for students and $1.50 for the general public. Tickets at the door will be $1.50 and $2. Tickets may be purchased from several businesses in the Temple and Belton areas.

Heart OTex Sets Indoor Youth Rodeo

The First indoor Youth Championship Rodeo to be held March 8-10, in the Horse Barn on the Heart O' Texas Fairgrounds is receiving much interest from all Central Texas youth. Entries are being received from Tyler to Brownwood to Fort Worth and Bremond.

The Youth Rodeo events will be divided into three age groups: boys and girls 8 and under, withevents consisting of Cloverleaf barrel racing, flag races (no exchange), and pole bending; boys 9-14, cloverlead barrel racing, steer wrestling, breakaway roping and ribbon roping; girls 9-14, cloverleaf barrles, flag races (no exchange), pole bending and goat tying.

Boys 15-19 may compete in bareback riding, bull riding, chute roping, tie-down roping and ribbon roping; girls 15-19 barrel race, pole bending, flag races and goat tying.

A beautiful hand tooled leather saddle will be awarded to the all around champion. (must enter at least three events to be eligible for this award.) Gold belt buckles will be awarded to first place in each event, with trophies being awarded second through fourth places.

Performances are 8 p.m. Friday, March 8 and Saturday, March 9 with finals at 2 p.m. Sunday March 10. Admission prices are $2/ Adults, $1.50 for children under 15.

LAZY PENALTY

Subjects of the Inca emperior were taught that idleness breeds mischief, and the penalty for repeated laziness was death.

Local Youth Wins Second At Houstnon

Daniel Richardson of Cameron won second place in the Dairy Scramble at the Houston Livestock Show with his two-year-old Geurnsey cow, "Chica."

Daniel, son of Mr. and Mrs. James Richardson and a senior at Yoe High, was awarded $80 as a championship special and $12.50 for ring showmanship award.

"Chica" won second place in a field of 163 entries at the show. Daniel was sponsored by Texas Thermatic Heating and Air Conditioning Company of Houston.

Another Cameron youth, Gery Hollas, won seventh place at the show in the Brown Swiss division of the Dairy Scramble.

Whiteley Signed For Champion Tractor Pull

"How does tractor pulling help you in farming?" a curious spectator asked Clifford L. Whiteley at a recent tractor pull. Clifford replied, "It doesn't help me, because I have to work longer hours in order to have time to enjoy and participate in this growing sport."

Clifford, who pulls under the sponsorship of Gaither Ford Tractor Sales, has pulled at events in Cameron, Brenham and La Grange. He's busy these days getting his "rig" ready to enter the southwest Championship Tractor Pull at the Farm Show in Fort Worth on March 8-10. He'll be pulling against other Southwest pullers in at least one class.

There will be three classes each night, one Southwest and two for out-of-state pullers. The overall purse for this farm-oriented sport is $15,000.

The Whiteley family has gone "all out" for the sport. With his wife, Mary, who has also driven in one pull, and his two children, they'll be loading up for Fort Worth early Friday, March 8.

ASAP To Sponser DWI Course

The Central Texas Council of Government's Alcohol Safety Action Project will sponsor a Driving While Intoxicated Law Enforcement Training Course, taught by the Michigan State University Highway Safety Center.

The Police Alcohol Training (PAT) package is the result of a year's study, research and planning by Michigan State University, under contract with the National Highway Traffic Safety Administration. Tested in Michigan, the course is now being given in selected regional areas over the United States.

To be taught in the ASAP classroom by personnel of Michigan State University, the course will be given for ASAP's Alcohol Detection and Control team members and other invited law enforcement officers from the seven county area who meet the course qualifications. No tuition will be charged to those attending.

According to ASAP Law Enforcement Coordinator , Ed Jarratt, during the 40 hour, 5 day PAT course, officers will learn detection and proper apprehension of DWI drivers, to understand the relationship of drinking and driving to accidents, and to appreciate the need for enforcement action. Other curriculum areas will cover the elimination of the hazards created by drinking drivers, proper processing of suspects to maintain the chain of evidence, and to effectively testify in court.

Overall, the course curriculum is designed to train officers for increased alcohol enforcement efficiency and the reduction of the fatality rate.

NEW CABLE

Light communications systems under development have the potential for carrying 400,000 telephone calls simultaneously through 100 glass fibers in a cable the size of a pencil.

Your Servicemen

EUGENE ZALESKI
NORFOLK, Va.

Navy Operation Specialist First Class Eugene J. Zaleski, son of Mr. and Mrs. James D. Hearell of Route 1, Cameron, is a crewmember of the newly commissioned nuclear-powered guided missile frigate USS California homeported at the Naval Station here.

The California carries a complement of 540 officers and enlisted men and is equipped with the most advanced sonar and anti-submarine weapons. She has an overall length of 596 feet and can reach speeds in excess of 30 knots.

A 1966 graduate of Yoe High School, Cameron, he joined the Navy in July 1967.

JIMMY FINO

Jimmy Fino, son of Mr. and Mrs. Marcello Fino of Cameron, has successfully completed the requirements for entry into the United States Air Force. He will now take advantage of a unique Air Force program which in effect reserves him a slot on the Aerospace team for up to 180 days.

Jimmy will begin his active duty on the first of April and will be assigned to Lackland Air Force for six weeks of transitory training.

DAVID FILLMORE
GERMANY

Army Specialist Five David Fillmore, son of Mr. and Mrs. Bob Fillmore of Cameron, participated with some 20,000 American and German soldiers in exercise Gordian Knot, conducted in central Germany.

The five day exercise provided troops opportunities to develop small unit tactics.

Spec. Fillmore is a mechanic in Troop B, 3rd Squadron of the 3rd Armored Division's 12th Cavalry in Budingen, Germany.

Camp For Diabetics To Open

Camp Sweeney Diabetic Training Center for diabetic boys and girls six through 16 years of age, will open its 25th season June 2 with sessions running June 2 - June 22; June 23 - July 13; and July 14 - August 3.

Camp Sweeney is located nine miles east of Gainesville on 338 acres of timbered hills with three dormitories for boys and three for girls; a non-denominational chapel, modern hospital, 30 acre lake, swimming pool, tennis courts, pavilion, target range and 20 gentle saddle horses.

Under the supervision of a medical staff, dietitian and counsellors, the children are taught proper diet with regulated exercise, how to take ke their own urine tests and give their own insulin injections.

Camp Sweeney is an organizational member of Texas United Community Services of Texas. Diabetic children who need help may receive it by contacting their local United Fund.

Obituaries

Turner

Funeral service for Mrs. Christine Cone Turner, 85, of Pasadena were held at 10:30 a.m. Monday, February 18 in Colonial Chapel with Rev. Harry Johnson officiating. Burial was in Forest Park Lawndale.

Mrs. Turner died Feb. 17 in Pasadena. She had lived in Cameron from 1910 until 1939.

She was a member of the First Presbyterian Church of Pasadena and had lived there for 18 years.

Surviving are her daughter, Mrs. E. T. Wallace of Pasadena ; a son, L. E. Turner of Houston; a sister, Mrs. Juanita Thomas of Cameron; four grandchildren; four great grandchildren and five nieces including Mrs. Make McDermott of Cameron.

Rodriguez

Sara Christine Rodriquez, 6-year-old daughter of Mr. and Mrs. John L. Rodriquez of Rosebud, died Friday in a Rosebud hospital after a illness of several days.

Funeral was at 11 a.m. Saturday at the First Baptist Church, the Rev. Ben Goertz officiating. Burial was in the Rosebudcemetery.

The child was born in Rosebud and was a kindergarten student there.

Surviving are her parents, a sister. Jackie Rodriquez, her paternal grandparents, Mr. and Mrs. Joe Rodriquez and her maternal grandfather, Ben Lugo, all of Rosebud.

Bosshard

Fred C. Bosshard, 62, of Rosebud died Friday in a Rosebud hospital of an apparent heart attack.

Funeral was at 2 p.m. Sunday at the First Lutheran Church, the Rev. E. A. Heckman officiating. Burial was in Woodlad Cemetery.

Mr. Bosshard was born in Warrenton. He was married to Miss Irene Goldman July 4, 1935. He was a mechanic and owned and operated the 5th Street Garage. He was a lifelong member of the Lutheran Church and an active member of the First Lutheran Church; a veteran of World War II and a member of Brodie Lee Caywood Post 329 of the American Legion.

Surviving are his wife; four sons, Fred William and Vernon Ray Bosshard of Pasadena, Steven and Glenn Bosshard of Rosebud, three brothers, Julius Bosshard of San Antonio, Willie Bosshard of Fort Worth and August Bosshard of Georgetown; four sisters, Miss Lena Bosshard of Georgetown, Mrs. Katie Kiefer of Cost, Mrs. Amanda Dickerson of Baytown and Miss Annie Bosshard of San Antonio; and four grandchildren.

Savings Bond Sales

According to County Bond Chairman Henry Siebman, December sales of Series E and H United States Savings Bonds in Milam county totaled $53,849. Sales during 1973 amounted to $699,246 for 90% of the yearly sales goal of $780,000.

Wilson

Dr. Claude D. Wilson, 61, of Wichita Falls and formerly of Bell County, died Friday in his home after a long illness.

Funeral was held at 11 a.m. Monday at the Hampton Vaughn Funeral Home in Wichita Falls, the Dr. Landrum P. Leavell officiating. Burial was in the Riverside Cemetery in Wichita Falls.

Dr. Wilson was the son of the late Mr. and Mrs. Frank W. Wilson of Belton. Dr. Wilson was also associated with Scott and White Memorial Hospital in Temple. He moved to Wichita Falls in 1946.

Surviving are his wife, Mrs. Eunice Wilson of Wichita Falls; a daughter, Miss Mila Jane Wilson of Wichita Falls; a son, Capt. John R. Wilson of Fort Benning, Ga.; two brothers, Bassel Wilson of Cameron and John J. Wilson of Fort Worth; two sisters, Mrs. Edna Mae Evans of Corpus Christi and Mrs. Francis H. Jack of Alexandria, Va.; and one granddaughter.

Memorials may be made to the Claude D . Wilson scholarship for pre-medical students at Hardin Simmons College in Abilene.

Baptist Members Increasing

DALLAS

There are now more than two million Texas Baptists, a figure which eclipses the membership of all but a few nationwide protestant groups.

Statistics prepared by the Baptist General Convention of Texas indicate there are now 2,001,002 members of Southern Baptist Convention affiliated churches in Texas.

The number compares with 1,965,723 in 1972. The growth reflects the growth rate of the entire SBC, which is about a two percent increase each year.

Baptists also contributed in record amounts in 1973, giving $16,971,392 through the Cooperative Program and $6,966,404 to designated purposes.

The Cooperative Program is the pipeline through which SBC churches cooperatively contributed to a wide variety of efforts, including missions work at home and abroad, administrative services and institutions such as hospitals, child care facilities and homes for the aging.

The designated funds went to such special efforts as offerings for foreign and home missions efforts.

A year ago, Texas Baptists contributed $15,294,087 through the Cooperative Program and $6,254,288 in designated funds.

The statistics snow there are now 3,855 churches and 359 missions. During the past year, 46 new churches were formed, and 54 were disbanded, or otherwise became inactive.

Taxpayers Use Phone Service

AUSTIN

The Internal Revenue Service district office here reported today that nearly 150,000 telephone calls for tax assistance were received from residents of the southern half of the state during February.

Richard J. Stakem, Jr., IRS district director, said that telephone activity in February was up about 50 percent over January, the first month for toll free tax information service in Texas.

"It's best to call us before 11 a.m.," Stakem said, "and the earlier the better, for telephone activity picks up rapidly after mid morning."

Mondays and Fridays are the busiest days of the week, he added. The telephones are staffed from 7:45 a.m. to 5 p.m. weekdays.

The toll free number for the use of residents in southern Texas is 800-252-1000.

Old-timers used to rely on this mill. This mill used to depend on the right wind.

Despite man's most valiant efforts the wheel was frequently at a standstill. What then? Waiting, waiting, waiting! What patience they must have learned—only faith sustained them. The wind would blow again.

The patient life also requires a foundation of faith. It can come early or late, slowly or fast.

If you lack the necessary faith to fulfill your life's needs, turn to the Church. The wind will blow again.

Girls Volleyball Team Wins 2nd

The Cameron girls volleyball team won second place honors in the Killeen Volleyball tournament over the weekend.

The girls opened play with a 15-9 and 15-7 victory over Killeen. Rebecca Riola and Linda Borgas were the high pointers for Cameron with a two game total of 9 points each.

In the second game against McGregor, Cameron secured a place in the finals as they defeated the Bulldogs 15-3 in the first match and 15-5 in the second. Rebecca Riola was again the leading scorer with 17 points in the two games.

During the championship game against Temple, Cameron was defeated by a slim 15-13 score in the first match, and lost in the second by a 15-6 score. Diane Vansa and Linda Borgas were high pointers in this match with two game totals of 7 points.

Temple got to the championship match with Cameron by defeating Belton 15-12 and 15-7.

The final results of the tournament were Temple 1st, Cameron 2nd, and Belton 3rd.

Rosemary Eickenhorst was once again selected to the All-Tournament team for her fine play throughout the tournament.

The girls will be on the road in their next two outings, but will return to Cameron to play the last two games of the season.

They will play in Lampasas on the 5th, and in Belton on the 7th. Both games will begin at 5 p.m.

Yoe 4th In Duck Relay

The Cameron Yoemen totaled 68 points in the Cotton Bowl Relays Saturday in Taylor to take fourth place.

Rockdale was the winner with 110 points, Giddings and Round Rock had 75 points each, Taylor 41, and Lampasas 38.

Pflugerville won division two with 107 points, Manor had 77, Rogers 42, Granger 40, Hubbard 38, and Thrall 34.

The Yoemen picked up one first place, two second places, and four thirds to lead them to their fourth place standing.

Willie Bell won first place in the 220 yard dash with a time of 23.6. George Whiteside won second in the long jump with 20-6, and Lorenzo Majors also won second in the 100 yard dash with a 10.5.

The four third places came on Willie Bell's 20-2 leap in the long jump, Robert Miller's 23.9 and 10.6 timings in the 220 and 100 dashes and on the mile relay teams 3:37.5 time.

The Yoemen will participate in their second meet of the season this Saturday in Rockdale.

First and second place winners in all events, plus Yoemen scoring points are as follows:

Yoe-Yoes Place In Lions Meet

Yoe Field was a busy place Saturday as teams from the area competed in the Cameron Junior High Lions Relays. Competition was good between the teams battling in the meet, all the way from the early morning beginning until the late evening finish.

Tracksters in the meet consisted of teams from Rockdale, Rosebud-Lott, Hearne, Belton, Copperas Cove, Pflugerville, and Cameron.

The Yoe Yoes showed themselves well during the event, capturing a second place in the 8th grade boys division, third place in the 8th grade girls division, and third in the 7th grade girls division.

The 8th grade boys were barely edged out of a first place by Belton who had 60-1/5 points to Cameron's 57-1/5. The 7th grade boys did compete in the meet, but were unable to score any points.

Winners in each event for the Yoe-Yoes were as follows:

8th Grade Division:
440 Relay -
Price, Krall, Daniels, Reyes
Third Place

880 Yard Dash -
Keith 1st, Riola 2nd

100 Yard Dash -
Daniels 2nd

440 Yard Dash -
McIntyre 2nd, Krall 3rd

100 Yard Low Hurdles -
Riola 5th

220 Yard Dash
Daniels 3rd, Price 4th

1320 Yard Run -
Salazar 1st, Vargas 2nd, Burnett 5th

Broad Jump
Krall 3rd

Sprint Medley Relay -
McIntyre, Burton, Price, Salazar, 1st.

7th & 8th Girls:

High Jump -
8th - Tulallah Green, 1st
7th - Pam Kimbrel, 1st

Shot -
7th - Cathy Huffman, 2nd
Kim Fritz, 3rd

100 Yard Dash -
7th Barbara Toliver, 4th
Cathy Huffman, 5th

1320 Relay -
7th - Deloney, Y. Wells, C. Hobbs, P. Kimbrel, 4th

880 Yard Relay -
8th - M. Brown, K. Wells, J. Jackson, T. Green, 2nd

440 Yard Relay -
7th - L. Deloney, C. Hobbs, M. Ermis, D. Daniels, 4th.

The Yoe-Yoes next action will be Saturday, March 9 They will be competing in the Belton track meet.

Area Sports Roundup

RL Football Coach Resigns

ROSEBUD-LOTT

Rosebud-Lott football coach and athletic director, Rodney Hudson, has resigned to accept similar duties in Athens. Hudson has coached the Cougars for seven years, and has an overall record at Rosebud-Lott of 62-28-2. No successor has been named yet, but Hudson is taking over his new position next week.

Class 3A Basketball Champion

AUSTIN

Crosby was defeated by Gonzales, 77-62, Saturday for the Class 3 A basketball championship. It was the first time that either team had advanced to the state tournament. Crosby was the team that defeated the Rockdale Tigers in regional play. Also during the tournament the Class A representative, Snook, lost in the championship game for the third time in four years.

Orsag On Prep All-America

BUCKHOLTS

Larry Orsag has been named to the Prep All-America Football Program for 1973-74. Sponsored by Coach and Athlete magazine, the Prep All - America is an annual honor roll of outstanding footgall players from high school teams throughout the country. Criteria by which these players can be nominated are as follows: outstanding athletic ability based on career records, sportsmanship, leadership and service to team and community.

Cougars Win Baseball Opener

TRAVIS

The Rosebud-Lott Cougars opened their baseball season Monday in Travis by defeating Hearne, 5-3. Kent Kahler had three singles for the Cougars, and Joe Salazar had two hits and an RBI. The Cougars next game will be against Marlin at 5 p.m. on Thursday. The game will be played in Travis.

Robinson First In Cougar Relays

ROBINSON

Robinson captured first place honors in the Cougar Relays in both the girls and boys division last Saturday. Six records were broken during the meet. They were the high jump, long jump, shot 120 high hurdles, 100 yard dash, and the 220.

Belton Wins Own Meet

BELTON

The Belton Tigers opened their 1974 track season on a successful note Friday as they took first place honors in the Belton Relays. The Tigers scored 214 points, Copperas Cove scored 99 1/2, Gatesville had 90, and Georgetown 73-1/2.

Cameron Downs Tigers, 4-2

Coach Jon Forsythe's Cameron Yoemen avenged an early season loss to the Rockdale Tigers by defeating them 4-2 Tuesday evening in baseball action in Rockdale.

George Whiteside was the winning pitcher for the Yoemen, and Larry O'Connor was the losing pitcher for Rockdale. Whiteside gave up only 5 hits and struck out two Tiger batters, and O'Connor who pitched six innings struck out 10.

The Yoemen's victory came with only three hits, and the first and the sixth innings proved to be the determining ones.

Cameron jumped off to an early 2-0 first inning lead on two wild pitches by the Tiger pitcher. However, the Tigers bounced back in the bottom of the first on a double, a single, and an error. The score at the end of the first inning of action was 2-1 in favor of Cameron.

The Yoemen put the game winning points on the board in the top of the sixth as John Barron hit a 300 foot home run over the left center field fence. The hit brought in Gene Kopriva who was on base with a walk.

The Tigers tried desperately to catch the Yoemen, but George Whiteside struck but George Whiteside stuck to his game plan and pulled the Yoemen out.

Rockdale's last effort came in the bottom of the seventh as Fred Grayson led off with a single. The relief pitcher, Thaler, then grounded out to the pitcher. Thomas Watson then got on base, and Grayson was out at third on a fielders choice. Ronnie Burrough's double to left center then drove Watson in, but the Tigers were unable to rally for the two more runs needed and fell to the Yoemen by a 4-2 score.

Cameron's next game will be against the Temple Wildcats in Cameron on March 12. It will be a doubleheader with the first game starting at 3 p.m. and the second at 5 p.m.

Cameron has already won two pratice game against Temple in pre-season action. The first was a 11-1 victory, and the second was a 13-1 victory.

When getting tennis balls out of a can that has a ring pull opener, be sure to dry perspired hands before opening the can. (Wet fingers may slip as you pull the opening ring.) Don't yank off the top. Lift the ring straight up and peel the lid back slowly. And don't reach into the can to pull out the first ball; shake it out.

Special Ed Program Approved

The Milam County Schools will implement a Plan A Comprehensive Special Education Program for the 1974-75 school year according to Mrs. Joyce Bayless, program director.

The official program approval received Saturday from the Texas Education Agency allows for eighteen teacher units, ten teacher aides and three supportive personnel for the county-wide program.

The Milam County Co-op is comporsed of Buckholts Cameron, Gause, Milano, Rockdale and Thorndale with a total scholastic ADA of 3975.

The 1974-75 Special Education program will offer expanded services for children, ages 3 -21, in Milam County who ha e school learning problems. In addition, the program will offer informational programs for parents, teachers and aides

While each school district is responsible for the education of its pupils, a Board of Directors composed of a representatives from each school district is responsible for approving program plans and the Co-op budget.

ORCHIDS BLOOM

Twenty species of orchids bloom in New Jersey's Pine Barrens, 650,000 acres of forest in the heart of the eastern megalopolis, National Geographic says.

It's your money. You should get the most for it.

First Federal Savings of Temple pays guaranteed rates on insured savings.

	Annual Rate	Annual Yield
2 1/2 Year certificates ($1,000 minimum)	6.75%	6.98%
1 Year certificates ($1,000 minimum)	6.50%	6.72%

A substantial interest penalty is required for early withdrawal on Certificates of Deposit.

1ST FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION Temple, Texas
FEDERAL HOME LOAN BANK SYSTEM MEMBER INSURED

Bell County's largest savings institution at the friendly corner of 1st Street and Avenue A.

Don't be fooled by false figures.

®DI-SYSTON systemic insecticide still gives you effective control of early-season cotton insects for as low as 86¢* AN ACRE

You want to save money when you buy an early-season insecticide. But not at the expense of losing control. You don't buy any bargain when you save a few cents an acre on chemical costs, only to find out the rate won't do the job because it doesn't fit the way you plant.

Before you start planting, compare the plain, hard facts about insecticide cost and effectiveness.

DI-SYSTON SAVES TIME
Apply early-season insect protection as you plant.

DI-SYSTON SAVES LABOR
Eliminates early-season sprays, frees labor for other important planting chores.

DI-SYSTON SAVES STANDS
Controls thrips, aphids that weaken seedlings, set them up for disease and adverse weather.

DI-SYSTON SAVES COTTON
Protected seedlings grow off fast; get fast, early growth that sets heavy bottom crop ahead of mid-season insects.

DI-SYSTON SAVES BENEFICIALS
Protection goes underground; can't wipe out good bug populations that help control bollworm flareups later on.

Best of all... DI-SYSTON saves money without cutting effective rates for the way you plant.

Look at all the facts, and you'll stick with DI-SYSTON, the dependable original systemic insecticide.

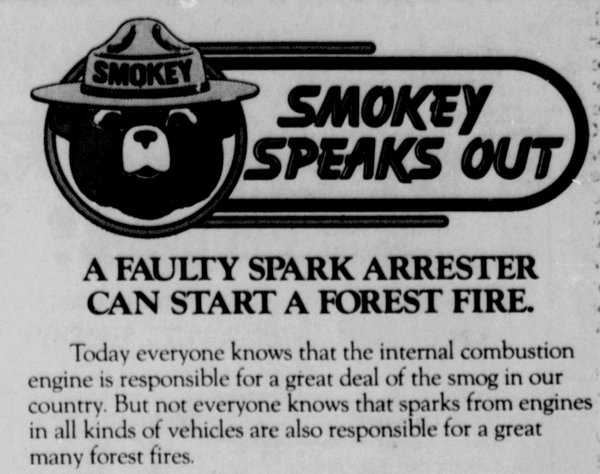
Call HERALD CLASSIFIEDS to sell those unwanted items.



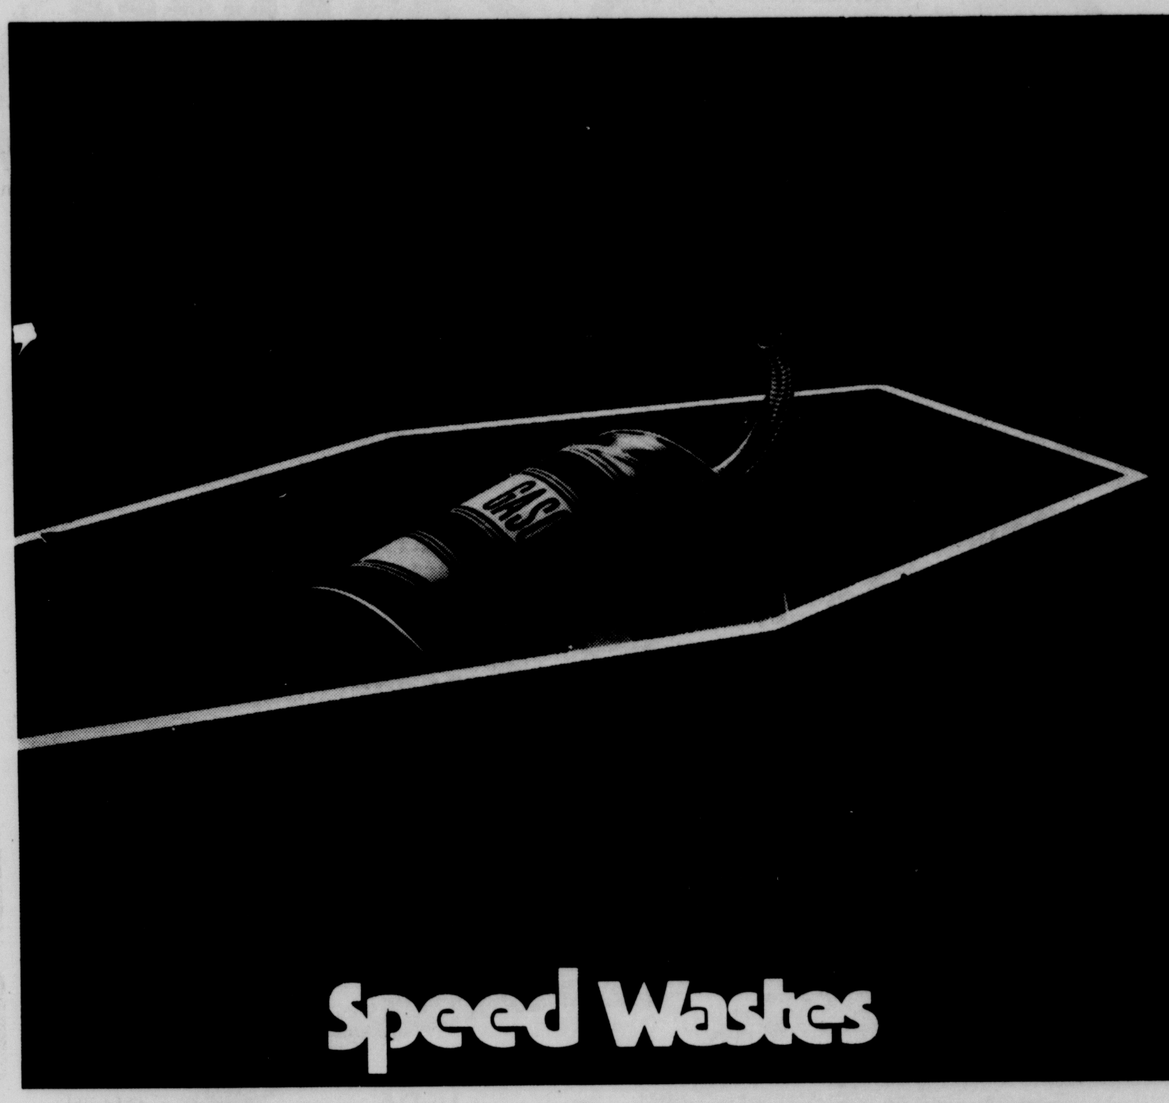
SMOKEY SPEAKS OUT

A FAULTY SPARK ARRESTER CAN START A FOREST FIRE.

Today everyone knows that the internal combustion engine is responsible for a great deal of the smog in our country. But not everyone knows that sparks from engines in all kinds of vehicles are also responsible for a great many forest fires.

ALL TYPES OF VEHICLES AND EQUIPMENT NEED SPARK ARRESTERS. Agricultural equipment, construction equipment, locomotives, motorcycles, cross-country vehicles, and even chain saws require spark arresters if you use them in or near brush or forest areas.

BE SURE YOU HAVE THE PROPER SPARK ARRESTERS. If you're not sure what kind of spark arrester is correct for your vehicle, ask someone who knows. Check with the company that sold you your vehicle. Or contact your local office of the United States Department of Agriculture, Forest Service.



At 75 mph, it takes about eight minutes to travel 10 miles. At 50 mph, it takes 12 minutes to cover the same distance.

Imagine: you break the law, multiply your chances of an accident, run a good risk of killing yourself (as well as a few innocent bystanders)... and the best you can do is save four minutes.

While you're trying to save those precious minutes, you're also wasting fuel. And today, fuel is precious, too. It's a problem that may be here to stay. But one you can do something about.

Slow down from 75 to 50 mph and you'll save three gallons of gas out of every 10. Think of it. You'll also save 30% on your cost of fuel. And gain 30 miles for every 100 you travel.

Your new car dealer can tell you other ways to save fuel. Money and cars, too. Cut out those jack-rabbit starts. Drive at steady speeds. Use your air conditioner less. Keep your engine in tune. Choose the grade of gasoline that's meant for your car. And check your tire pressure more often.

It's a fact. Speed wastes our natural resources. Things like fuel. And lives.

OUR NEW MEAT LABELS TELL YOU WHAT YOU NEED TO KNOW

Our new meat identification program takes the guesswork out of selecting meat and how to prepare it . . . helps you be a "smarter" meat shopper and a better cook. Our improved meat label tells you at a glance the type of meat (Beef, Pork, Lamb or Veal), where it comes from, and the specific portion or common retail name.

NUTRITION IS OUR BUSINESS, TOO!

Occasionally, we all need to pause and review a few facts about the foods we choose and the reasons why a variety of foods build strong, healthy bodies. Foods supply the substances called nutrients needed by the body for growth, repair and energy. There are five basic classes of these nutrients: protein, fats, carbohydrates, vitamins and minerals.

Protein is necessary for tissue formation and energy. *Fats and carbohydrates* are the primary sources of energy needed for work, for play and just to keep the body functioning. *Vitamins and minerals* are required for proper development of bones, teeth and blood, and for proper usage of the other vital nutrients.

Since your physical well-being depends, to a large extent, on the foods you eat, choose carefully. No one food will supply all the essential nutrients. Family meals should be planned to include a variety of foods from all the food groups, to supply all of the nutrients each day because some nutrients cannot be stored in the body.

The meat group should supply at least two servings and can include fish, poultry, eggs, cheese, dried peas and beans, and nuts, in addition to red meat. The dairy group should supply two or more servings of milk or milk equivalents.

The fruit and vegetable group can be subdivided into three groups as follows. At least two servings of green and yellow vegetables; one or more servings of citrus fruits or tomatoes; and one serving of potatoes or other fruits and vegetables. The bread and cereal group should provide four or more servings of enriched or whole grain products.
